

## Premier's Message

On behalf of the Province of Nova Scotia, I am honoured to join in the recognition of June as Italian Heritage Month.

The Italian Canadian community has contributed - and continues to contribute - much to better our country's communities. In Nova Scotia, we are thankful for the efforts - cultural, social and economic - made by those of Italian heritage.

The 150th anniversary of the unification of Italy gives us the opportunity to reflect on all the efforts made by Italian Canadians. Like all immigrants to this country, they came to build a better future for themselves and their families. They also built a better Canada. I know that Italian Canadians are proud of what they have accomplished to make this country the success that it is.

In closing, I would like to thank all Italian Canadians for their contributions to making Canada a great and much-envied country.

Sincerely,

A handwritten signature in black ink that reads "Darrell Dexter". The signature is fluid and cursive, with a prominent "D" and "D" at the beginning and end.
